A detached sign is a sign which is self-supporting and structurally independent from any building

Pole - a sign wholly supported by a stand-alone structure in the ground.

Ground - a billboard or similar type of sign that is supported by one or more uprights, poles or braces in or upon the ground other than a fin sign or pole sign.

Electric - any sign containing electrical wiring, but not including signs illuminated by an exterior light source

Billboard - a sign having more than 100 square feet of display surface, which is either erected and attached to the ground or attached to or supported by a building or structure for the purpose of supporting changeable billboard signs.

Banner - a sign made of fabric or other nonrigid materials with no enclosing framework.

An attached sign is a sign which is structurally connected to a building or depends upon that building for support

Awning – a sign printed on a temporary or movable shelter supported entirely from the exterior wall of a building and composed of nonrigid materials, except for a supporting framework.

Canopy – a sign on a permanent roof-like structure erected which is supported by the structure wall alone to provide shelter from the weather.

Projecting - a sign other than a wall sign, which projects from and is supported by a wall of building or structure

Roof - a sign erected upon or above a roof or parapet of a building or structure.

Wall - any sign attached to or erected against the wall of a building or structure, with the exposed face of the sign in a plane parallel to the plane of said wall.

Miscellaneous sign is any sign, pennant, valance or advertising display constructed of cloth, canvas, light fabric, cardboard, wallboard, inflatable or other light materials, with or without frames

Portable - A sign mounted on sandwich boards, trailers, vehicles or connected to vehicles.

Flag - a sign, pennant, placard, valance or advertising display or sign constructed of light fabric, plastic, cardboard, wallboard, plywood, paper or other light materials, with or without frames. Flag signs may be displayed continuously over 60 days in a calendar year.

Balloon - a transient sign consisting of graphics or any three-dimensional figure erected for the purposes of advertising, that is inflated with or supported by air or other gas.

Incidental - a small sign, emblem or decal informing the public of information (such as hours of operation, credit cards accepted, professional signs etc.) or that directs attention to a business, profession, product, service, or activity conducted, sold or offered on the same premises where the sign is located.
